## EST 105 INTERNATIONAL SAILING REGATTA

25<sup>th</sup> - 27<sup>th</sup> APRIL 2019

### PRESENTATION XIV EDITION

The EST 105 is getting ready for its fourteenth edition confirming the objectives by already taking a look at the fifteenth edition.

The Event that involves an increasing number of crews year after year, rich in their achievements, gives perspective for a development for the territories that involves: on one side the land of Bari and Puglia, now considered by the most accredited international magazines as the most beautiful region of the planet, and on the other the Montenegrin coast, a still virgin land, full of charm and history, with treasures to be discovered.

Confirmed the start line on the water in front of the monumental entrance of "Fiera del Levante" exhibition.

The Start Line will be positioned between the exit beacon of the new port of Bari and the junction with the monumental entrance of the Levante Exhibition.

The starting signal will be given at 18:25. Atmospheric departure at sunset, edge to the harbour of "Santo Spirito" and turn towards Tivat, we face the night of navigation with freshness, arriving in the Boka Bay Kotors at a time that will allow us to enjoy the scenery and make the arrival of the yachts to the local population giving more visibility to the regatta.

The Multihull category with MACRO system will compete with a dedicated classification in overall compensated time between trimaran and catamaran.

The registration to the EST 105 Regatta will allow participation in the first second of the internal race at the Boka Kotors organized by the PMYC called "Boka Bay 105 Regatta", that last year charmed the participating shipowners for the beautiful scenery that surrounded them.
